DECLARES FRANCE IS PERFECTLY NEUTRAL

Government Sends Important Orders To Minister.

JAPANESE ARE HARD TO PACIFY

They Believe Admiral Rojestvensky Remains In Kamranh Harbor With Full Knowledge of France—Russians Minister to China Dies.

Paris, April 22.—As a result of the communications between the governments at Paris and St. Petersburg the Russian government has forwarded urgent orders to Admiral Rojestvensky to rigorously respect the neutrality of French waters. This is a precautionary measure. In addition special instructions have been sent to the governor-general of Indo-China, M. Beau, and Foreign Minister Delcasse has instructed the French minister at Tokio to give the Japanese minister for foreign affairs assurances that it is France's purpose to preserve strict neutrality, these being similar to the assurances given to Dr. Motono, the Japanese minister at Paris.

Situation at Tokio.

Tokio, April 21, 8:30 a. m.—The Japanese regard the Kamranh bay incident with a growing feeling of resentment and bitterness toward France. It is popularly believed that the Russian fleet is still at Kamranh bay and is making the freest possible use of the port. The demands for strong action on the part of Japan are daily growing louder. Political parties and other organizations are passing resolutions condemning France's alleg violation of the neutrality. It is proposed to hold a great popular demonstation. The Nichi-Nichi today asserts that the evidence is conclusive that Admiral Rojestvensky is using Kamranh bay as an actual naval base for belligerent action.

The Jiji discusses France's historical attitude on the question of neutrality, and insists that the use of Kamranh bay enhances Admiral Rojestvensky's fighting capacity, and offers facilities for war-like preparations. Continuing, it says if from the complication grave consequences result to Russian, France will be responsible.

A former cabinet minister, in discussing the incident today said:

"We are keenly anxious to avoid involving others, but we are bound to protect our rights. If France gives Russia the use of Kamranh bay, why cannot England allow us to use Hong Kong?"

Russian Minister to China Dies.

Pekin, April 22.—M. Paul Lessar, Russian minister to China, whose foot was recently amputated, died last night.

M. Lessar, who was counsellor of the Russian embassy in London, was appointed Russian minister to China in July, 1901. The deceased minister distinguished himself as the negotiator with the Chinese of the proposed amendments to the Russo-Chinese Manchurian treaty. In 1901 he began a series of meetings with Prince Ching and Wang-Wen-Shao, who urged strong modifications of the old agreement, made with the late Li-Hung Chang, in order to maintain the sovereignty of China over Manchuria. Russia, through M. Lassar, agreed to some of the Chinese demands, but the war with Japan ended the diplomatic negotiations on the subject.

British Squadron Getting Active.

Hong Kong, April 22.—There is a noticeable activity among the British squadron. The armored cruiser Hogue has been ordered to be in readiness to proceed to sea at two hours' notice with full steam.

Taft Gets Copy of Note.

Washington, April 22. Mr. Hioki, the Japanese charge d'affaires here, has presented to Secretary Taft a copy of the note presented by the Japanese minister in Paris yesterday to the French foreign office in relation to the observance of neutrality toward Rojestvensky's fleet.

Germans Leave Japanese Army.

Tokio, April 22.—Major Prince Carl Anton Von Hohenzollern arrived at Moji today from the headquarters of the Japanese army where he has been the representative of Emperor William. General Prince Kanin accompanied Prince Carl from Manchuria. The latter is coming to Tokio.

WILL BUILD GREAT RAILROAD.

Plans Are Completed for the Construction of Western Pacific.

New York, April 22.—Plans have been completed in Wall street according to the Herald by which funds for the construction of the Western Pacific railroad are absolutely assured.

A syndicate of street banking houses is stated to have agreed to buy $50,000,000 of these bonds from the company, the proceeds of the sale of which will complete a line from Salt Lake to Oakland, Cal. These banking houses, it is understood, will participate the issue. On its completion the Western Pacific will become an integral part of the Gould system from the Atlantic to the Pacific and will complete the first line across the United States under one management. At present the Gould system terminus is at Salt Lake, on the west. The eastern line to the seaboard at Baltimore is now being completed throu connections at Pittsburg between the Wabash, West Virginia Central and the Western Maryland.

ITALIANS HAVE MENINGITIS.

Emigrants from that Country Strick with Dread Disease.

New York, April 22.—Cerebro-spinal meningitis has caused 22 more deaths in New York Thursday. This compares with 13 on the day before. A report has just been received by the health department from the government officials that Angello Mazza, an emigrant boy from Italy, is dead at Ellis island from the same disease.

Immigration officials refused all information in regard to the case, it is said that 100,000 foreigners have reached this country since Mazza's arrival. Among them is one Italian family which located in Harlem. Four children in the family were stricken soon after and a search of health department records is said to show that many of those who died during the winter were recent arrivals from Italy.

Horses Sell at Fancy Prices.

New York, April 22.—Some high prices have been received at a sale of show horses brought here by T. M. Tichenor & Co., of Chicago. James Hobart More made two of the highest bids recorded. He paid $5,500 for Bond and Lillard, a cross matched pair of dapple gray and coalblack geldings bred in Kentucky. Shinasi brothers out bid Judge Moore on Store and Tempest, matched pair of bay geldings, which they secured for $8,300. The highest priced horses sold was May Morning, which was purchased by Judge Moore for $3,650. A brown gelding saddle horse, Minstrel, brought $1,000.

Italian Railway Strike Ended.

Rome, April 22.—The railway strike may be considered to have ended. The committee of socialist deputies has obtained from Premier Fortis a promise to study the scheme for arbitration to be adopted in the case of the differences between workmen and the government. In the future the later will consult the representatives of the railroad organizations with a view to learning their requirements and propositions. It was also agreed that if the strike ceases promptly there will be no dismissals, transfers or other punishment of strikers. After this understanding with the government cipher telegrams were sent to the railroad men throughout Italy notifying them to be ready to assume their various employments.

Trading Stamp Company Fails.

Philadelphia, April 22.—The Globe Bond Trading Stamp company with headquarters in this city has closed its doors. Hundreds of women with books filled already for redemption called at the company's store today only to find that it had been vacated. The company had been in business here for several months and had made a wide distribution of its stamps.

PROCEEDINGS OF STATE LEGISLATORS

Recent Law Revisions to Go to Committee for Examination.

JIM CROW BILL PASSED HOUSE

Short Session of the Senate—Bill to Declare Williston Incorporated—Internal Improvement Bill Passed—Key West Railroad Gaining Friends.

Tallahassee, April 22.—In the Senate yesterday morning a resolution was received from the House providing for the appointment of a joint committee of nine to examine the compilation and revision of the laws of Florida as prepared by the special committee and report on same, which was concurred in, the President appointing Senators Massey, Raney, Blount and Harris.

Senetor Alford introduced a concurrent resolution memorializing Congress to make an appropriation of $10,000 for the improvement of the Ocklockonee river.

New Bills.

The following new bills were introduced:

By Senator Crane—To amend the law relative to the establishment of criminal court of record in Hillsboro county; also to prescribe fees of sheriffs in lunacy proceedings.

By Senator Carter—Declaring the town of Williston legally incorporated; also to provide method of assistance to electors who are blind, crippled, or otherwise unable to exercise the privilege.

By Senator Massey—To validate the acknowledgment of deeds and conveyances taken before justices of the peace of other States bearing no official seal.

Senator Blount's bill to authorize the city of Pensacola to issue negotiable bonds for municipal purposes and provide for the payment thereof, was advanced to its third reading and passed by a vote of 27 to 0.

The Senate then adjourned until 4 o'clock on Monday afternoon.

Appointments Confirmed.

In the executive session the Senate today confirmed the following appointments by the Governor: H. C. Gordon to be judge of the criminal court of record in and for Hillsboro county.

George P. Raney, Jr., to be solicitor of the criminal court of record in and for Hillsboro county.

In the House.

Tallahassee, April 22.—In the House yesterday Mr. Duval of Wakulla offered a concurrent resolution asking the Florida delegation in Congress to work for an appropriation of $10,000 for the improvement of the Ocklockonee river, which was read the second time and passed, the House concurring in a similar resolution from the Senate.

The following new bills were introduced:

Mr. Wells of Hillsboro—To regulate business of banking in this State. Also a bill for protection of public highways in this State. Also a bill to amend law establishing Criminal Court of Record of Hillsboro county.

Mr. Nobles of Lake—For protection of deer. Also a bill to prohibit use of automatic or repeating shot guns in hunting of birds in this State.

Mr. McElroy of Levy—To amend law incorporating Williston, Levy county. Also a bill to declare Williston a legally incorporated town. Also a bill to provide a method of assistance of electors of State under certain disabilities.

Mr. Cornwell of Manatee—To cure informalities in execution of certain deeds made by married women.

Mr. Roberts of Monroe—To prevent minors under fifteen working in factories. Also a bill to amend law relating to record and conveyance of real estate.

Mr. Wall of Putnam—To require trustees of internal improvement to turn over to State auditor all their books, records, vouchers and accounts for checking and report by the State auditor, the report to be filed with the Legislature of 1907. The rules were waived and this bill was read three times and passed by the House, 57 to 0.

Mr. Dorman of Suwannee—To prescribe the fees of sheriffs in lunacy proceedings.

Mr. Robison of Leon—For the relief of Leon county. This is a claim on behalf of Leon county for reimbursement to the county by the State of about $2,800, money paid out by the county for rent of an armory for the use of State troops.

Mr. Avery's bill to require street car companies and others in this State to furnish separate cars or divisions for white and colored passengers; to require said companies and others to keep white and colored passengers in their respective cars or divisions; to give conductors and employes of said companies police powers, and to provide penalties for the violation of this act, was passed by the House without opposition.

The House then adjourned until next Monday afternoon.

Legislative Notes.

A large number of members of the Legislature left here on a special train at 1 o'clock Friday afternoon for Pensacola on an invitation from the chamber of commerce of that city to visit the fleet of United States naval vessels now in that port. They will return at noon Monday.

The examination of witnesses in the Brown-Baskin case closed Friday. The arguments of the attorneys for the contestants will be heard on Monday afternoon.

Senators were given an opportunity to express themselves on the Key West railroad extension Friday on the test vote. The voting was on amendments, but the final vote in the Senate will take place on Monday afternoon. The vote in the Senate on the bill's final passage will not be so close as on the amendments, unless present predictions fail. The friends of the bill think they have eighteen or nineteen votes. It will go to the House early next week. The importance of the extension of a line of railroad from the mainland to the island of Key West is, in the minds of those interested in the development of the State, paramount to any proposition that has been disclosed in the history of Florida since it became the property of the United States.

Death of Young Child.

The numerous friends in this city of Mr. and Mrs. R. M. Lock of Dunnellon will regret to learn of the death of their little 4-year-old daughter, Charlotte, which occurred Friday night. They formerly resided here, and the information was received with a great deal of sadness.

Rev. F. H. Craighill of Holy Trinity Church was summoned to conduct the funeral, which was held at Dade City. He was accompanied by Master Edward Lock, brother of the deceased, who was in this city at the time of her death.

Anti-Cigarette League.

The Anti-Cigarette League, an organization composed of boys who are willing to take an obligation not to smoke the deadly cigarette, has been organized in this city.

At the meeting held Friday evening in the reading room of the W. C. T. U., Russell Albright was elected president unanimously. This young man was largely instrumental in organizing the League.

The next meeting will be held Friday evening, when other officers will be elected.

Looking for Oil in Florida.

Tifton, Ga., April 22.—W. J. Henderson, president of the Tifton Oil company, who is in Washington county, Florida, watching the progress of the boring for oil, and the Bainbridge Oil company, wires the stockholders at Tifton that a fine grade of petroleum has been struck, and that it is very black, and that several barrels were drawn out with the bailer. The Tifton Oil company owns a hundred acres of land, or more, adjoining that of the Bainbridge people, and the stockholders here believe that after the proper depth has been bored a flow of oil will be reached.

MUST DEPRIVE HYDE OF IMMENSE POWER

Declares General Agents To Insurance Commissioner.

ALL FAVOR MUTUALIZATION PLAN

Policy Holders' Interests in Equitable Assurance Society Must Be Protected, Says General Agent Rowes, and Hyde Must Be Removed.

Syracuse, N. Y., April 22.—The general agents' committee of the Equitable Life Assurance Society of the United States arrived in this city this morning and arranged a conference at noon with Superintendent of Insurance Francis Hendricks.

Joseph Bowes, of Baltimore, was spokesman of the committee. To Mr. Hendricks the state superintendent of isurance, Mr. Bowes, reviewed the action of the agents' convention in favor of mutualization and then made an address. He declared the agents were in position to know what policy holders wanted. The prevailing conditions had alarmed the policy holders. The original plan of the founder, he declares, contemplated mutualization. For the first time the question of ownership of the vast surplus had arisen. The time had come for a change, and when the society could no longer be regarded as the patrimony of one man. He was informed on reliable authority, he said, that 38 or 40 directors did not own the requisite amount of stock required by the charter. There is no animosity among the agents against Mr. Hyde, he said, "but a change must be made to deprive him of the immense power he yields." The compromise effect was a miserable one, which is disappointing the realization of which will be delayed by litigation. The policy holders in the mean time suffer.

Mr. Hyde's elevation, he asserted, was due to the sentiment because of his descent from the founder. For five years he had been watched, helped and forgiven until sentiment was exhausted.

E. A. Woods, of Pittsburg, president of the agents, next addressed Mr. Hendricks. He told of the imense tangible interests of the agents and declared that under the present system of control the Equitable stock could be transferred to a party even more dangerous than Mr. Hyde. The agents were opposed to any change which did not conserve the interests of policyholders.

Chicago Man Wants Receiver.

Chicago, April 22.—A bill for the appointment of a receiver for the Equitable Life Assurance Society of the United States, and seeking an accounting, was filed in the United States circuit court here today by Attorney D. J. Schuyler. The petition is filed in the name of Abraham Sitron and others, policy holders in the society. Sitron says he holds a $2,000 policy in the society and that his interests are being dissipated by the officers and directors of the society. He names specifically President J. W. Alexander and Vice President James H. Hyde.

Home for Sick Letter Carriers.

Cleveland, O., April 22.—A home for the sick and invalid letter carriers will be established on a tract of 250 acres of land at the edge of the city of Colorado Springs, Colo. To gather data on the subject and get the matter before the national convention in proper form a special form has been authorized to investigate the idea at the meeting of officers' council of the national association of letter carriers in session here.

Tragedy at Hot Springs.

Hot Springs, April 22.—T. J. Cavanaugh, a bricklayer from St. Louis, emptied a revolver into a number of brick masons here today. John Madigan, of Clinton, Mass., was instantly killed. In a scramble for safety, several of the laborers were severely hurt. The trouble arose over the differences in local brick layers' union matters. Cavanaugh has been arrested and is in jail.

To visit the convict camps, Senator Alford.

An invitation was received and accepted from Anna Jackson Chapter, Daughters of the Confederacy, to attend memorial exercises at the city cemetery on April 26

A resolution introduced by Senator Crane was adopted, requesting the Governor to furnish the Senate all correspondence and data in his possession relating to school book uniformity.

The following new bills were introduced and referred:

By Senator Humphries—To repeal the law of 1903, regulating the catching of food fish in Manatee county.

By Senator Crane—To create a school book commission, to create a uniform series of text books.

By Senator Crill—To prevent the sale of adulterated or misbranded food, and to provide punishment for violators.

By Senator Neel—To provide for the division of Holmes county, and provide for the formation of the county of Bloxham.

The Senate had but a short calendar for the session. Senator Trammell's fertilizer bill was ordered engrossed for its third reading, and two bills on the table, subject to call.

Brown-Baskin Case.

During the Senate session General Bailey introduced a resolution to the effect that when the Senate adjourned for the day it stand adjourned until Thursday morning until 10 o'clock, and that the committe on privileges and elections be invited to use the Senate chamber for the afternoon meeting of the committee. This resolution called forth a great deal of debate, and was finally laid on the table. It was announced a few days ago by Judge Raney that the sessions of the committee would be public.

House Proceedings.

In the House this morning new bills were introduced as follows:

By Mr. Rosborough of Alachua—To extend and enlarge territorial limits and powers of Gainesville.

By Mr. Tillman of Alachua—To regulate limits of special tax school districts. Also, a bill to regulate attendance at special tax schools by persons living out of district.

By Mr. Matthews of Bradford—To amend the law relating to pensions to Confederate soldiers and their widows.

By Dr. Julian of Columbia—To prescribe qualifications of teachers in colleges and high schools.

By Mr. Buckman of Duval (by request)—To authorize and regulate appointment of trust companies as administrator, guardian, etc.

By Mr. Avery of Escambia—To provide for the privileges of witnesses in investigations and prosecutions for the violation of the statutes against bribery, gambling and the violation of the statutes against the illegal sale of liquors.

By Mr. Avery of Escambia—Relative to municipal government of Pensacola.

By Mr. Avery of Escambia—To authorize the city of Pensacola to issue bonds for municipal purposes.

By Mr. Avery of Escambia—To amend the charter of Pensacola relating to the chief of the fire department.

By Mr. Wilson of Jackson—To provide for an issue of bonds by the town of Graceville to build a brick school house.

By Mr. Noble of Lake—To prohibit giving or selling of cigarettes and cigarette papers to minors under twenty; also a bill to authorize the Governor to appoint a commission of three to codify State divorce laws, and seek to secure uniform divorce laws in all the States.

By Mr. Carleton of Nassau—To amend the law relating to the preservation of wild deer.

By General Jewell of Orange—To reimburse Orange county for money spent by that county for rent of an armory for the use of State troops.

By Mr. Crawford of Orange—To amend the act of 1903 providing for the settlement of the Wailes-Beard claim.

Speaker Gilchrist announced the appointment of Messrs. Sprague of Putnam and Johnston of Pasco as committeemen on the part of the House to visit and inspect the work on the Florida Coast Line Canal and Transportation Company.

Bills That Passed.

By a vote of 65 to 0, the House passed the bill of Mr. Wartmann of Marion to regulate the running of automobiles or motor vehicles on the public roads or highways of the State.

The bill of Mr. Smith of Volusia, extending and enlarging the powers of the city of Daytona, was passed 60 to 0.

Dr. Julian's bill to legalize and validate all warrants heretofore issued by boards of county commissioners for work and materials in constructing court houses and jails for county purposes.

Specail Order.

The special order of the day, Mr. Avery's bill to require street car companies and others in this State to furnish separate cars or compartments for white and colored passengers; to require said companies and others to keep white and colored passengers in their respective cars or compartments; to give conductors and employes of said companies police powers, and to provide penalties for the violation of this act, was taken up, and after slight amendments thereto were adopted, the bill being ordered engrossed for third reading.

The bill of Mr. Wells of Hillsboro to provide for the payment of costs in cases of commitment trials before county judges and justices of the peace, was passed, 48 to 1.

The bill of Mr. Crawford of Orange relating to the posting of laws was passed 54 to 5.

At this point the hour of 12 having arrived, the joint assembly of the two houses for the election of a United States Senator, fully reported below, was held.

The House then adjourned.

Election Senator Taliaferro.

In joint session at noon the Legislature ratified the choice of the people as the nominating body by electing Hon. James P. Taliaferro to succeed himself as United States Senator from Florida for the next six years. Shortly before noon Mr. Buckman of Duval moved that the Speaker appoint a committee of three to notify the Senate that at noon the House would be ready to receive the Senate in joint session for the purpose of electing a United States Senator. The speaker named Messrs. Buckman of Duval, Smith of Volusia and Wells of Hillsboro as such committee.

Promptly at noon the Senators and Secretary of the Senate appeared at the bar of the House and were received by members of the House, standing. President Trammell took the chair and ordered a roll call of the Senators, 30 members responding. He then requested Speaker Gilchrist to order a roll call of the members of the House, 65 answering.

Secretary Appleyard they read from the journals of both Houses of yesterday pertaining to the vote for United States Senator, showing 31 votes on the part of the Senate, and 65 votes on the part of the House, for Hon. Jas. P. Taliaferro. President Trammell announced that Hon. Jas. P. Taliaferro, having received a majority of the votes of both Houses, he was declared elected United States Senator from Florida for six years, from March 4, 1905.

On motion of Senator Adams a committee was appointed by the chair to notify the Governor of the action of the joint assembly. The chair named Senator Adams and Representatives Sistrunk and Johnston.

On motion of Mr. Buckman a similar committee was appointed to notify Senator Taliaferro. The chair named Representative Buckman and Senators Wilson and Crane.

In a few minutes the committee appointed to notify Senator Taliaferro returned, accompanied by Senator Taliaferro, who was received with applause. Mr. Buckman reported that the committee had performed its duty, and presented the newly-elected Senator. Senator Taliaferro was escorted to the rostrum, and was introduced to the joint assembly by President Trammell, after which he delivered a short but eloquent and appropriate address.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $100 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by J. W. McCollum & Co.

BABY BURNED TO DEATH.

Children Fooled With Matches, Which Ignited Infant's Clothes.

Traxler, April 20—Friday Mahamery's two-months-old baby met a most terrible death today while its mother was working away from the house. The other children tried to light a pipe while on the bed by the babe, and set it on fire, and as no one was near the place the babe was burned in the house, but the two larger children were saved.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by J. W. McCollum & Co.

Death at Prairie Creek.

Mrs. Hale, mother of F. H. Hale, died at Prairie Creek Wednesday night, after an illness of several days. Deceased was one of the oldest residents of the county, being eighty-two years of age at the time of her death. The remains passed through this city Thursday en route to Alachua, and the funeral will be held at that place today, the interment being in Newnansville cemetery. The arrangements will be in charge of the Thomas Undertaking Company. The Sun extends sympathy to the bereaved family.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these tablets a trial. Thousands have been benefited by their use. They only cost a quarter. For sale by all druggists.

A HOPELESS FI

It is as impossible to conquer the king of diseases—Contagious Blood Poison—with Mercury and Potash as it would be to conquer the king of the forest in a hand-to-hand encounter, as thousands who have had their health ruined and lives blighted through the use of these minerals will testify. They took the treatment faithfully, only to find when it was left off, the disease returned with more power, combined with the awful effects of these minerals, such as mercurial rheumatism, [illegible] of the bones, salivation, inflammation of the stomach and bowels, [illegible] When the virus of Contagious Blood Poison enters the blood it quickly contaminates every drop of that vital fluid, and every muscle, nerve, tissue and bone becomes affected, and soon the foul symptoms of sore mouth and throat, copper-colored blotches, falling hair and eyebrows, swollen glands, sores, etc., make their appearance. Mercury and Potash can only cover up these evidences for awhile; they cannot cure the disease. S. S. S. has for many years been recognized as a specific for Contagious Blood Poison—a perfect antidote for the deadly virus that is so far-reaching in its effects on the system. S. S. S. does not hide or mask the disease, but so thoroughly and completely cures it that no signs are ever seen again. S. S. S. while eradicating the poison of the disease will drive out any effects of harmful mineral treatment. A reward of $1,000.00 is offered for proof that S. S. S. contains a mineral ingredient of any kind. Treatise with instructions for home treatment and any advice wished, without charge.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for lagrippe," say Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by all druggists.

His Thirteenth Term.

In his election as Grand Secretary of the Odd Fellows at the session just closed here, A. M. Cushman is serving his thirteenth consecutive term in this capacity. This is a record of which any man should feel proud, but Mr. Cushman has served his order so faithfully and so efficiently that it is no more than he deserved.

Cures Coughs and Colds.

Mrs. C. Peterson, 625 Lake St., Topeka, Kan., says: "Of all cough remedies Ballard's Horehound Syrup is my favorite; it has done and will do all that is claimed for it—to speedily cure all coughs and colds—and it is so sweet and pleasant to the taste." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

GAINESVILLE FOR THE NEXT MEETING

This Was Voted by State Medical Association Thursday.

A VERY INTERESTING MEETING

Of the Medical Fraternity—Dr. McKinstry Elected First Vice President, and Dr. Hodges Also Honored—Pill Rollers Have a Banquet.

Gainesville has no complaint to make of her share of the honors bestowed by the annual session of the State Medical Association, which adjourned after an interesting session of two days in Jacksonville Thursday evening.

Dr. J. F. McKinstry, Jr., had the honor of being elected first vice-president of the association; Dr. J. Harrison Hodges was elected counsellor for the Eighth District, and to dress the honors already conferred properly, Gainesville enjoyed the distinction of being selected as the place for holding the next annual meeting, which will convene in April, 1906. Jacksonville and Tallahassee were also applicants for the meeting.

Officers Elected.

The following officers of the association were elected for the ensuing year:

President, J. M. Jackson, Jr., Miami; first vice-president, J. F. McKinstry, Jr., Gainesville; second vice-president, J. H. Palmer, Tallahassee; third vice-president, J. H. Durkee, Jacksonville; librarian, J. D. Love, Jacksonville, re-elected.

During the session many papers were read, among which was one, "Eye Strain, a Frequent Cause of Headaches and Nervous Derangements," by Dr. Hodges.

A Dutch Lunch.

In the evening the physicians assembled at the Rathskeller, where the Duval Medical Association had prepared a bountiful repast in the nature of a Dutch lunch, in honor of the visitors. At this function Dr. J. F. McKinstry, Jr., was honored as toastmaster. Those present declare that the banquet was one of the most enjoyable affairs of the season.

Drs. McKinstry and Hodges returned to their homes Friday noon.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

Death of Mrs. Rhinehardt.

Mrs. J. O. Andrews of this city and sister, Mrs. W. G. Prather of Danville, Ky., returned Thursday from Wade, where they were summoned on account of the illness and subsequent death of their sister, Mrs. M. E. Rhinehardt, the devoted wife of F. C. Rhinehardt. The lady died Tuesday night, after an illness of a few days, and was buried the following day. She was a devout Christian lady, and will be greatly missed by her husband and friends. The Sun extends sympathy to the bereaved family.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen those organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. Sold by J. W. McCollum & Co.

Card From Rebekahs.

Colfax Rebekah Lodge No. 2, I. O. O. F., wish to express their heartiest appreciation of the many courtesies extended to them by the citizens of Gainesville, in the entertainment of the Grand Lodge and the visiting Rebekahs, and assure them that their kindness will not be forgotten.

WANTED SENTIMENT.

There have been many literary tears shed over the passing of that "noble red man of the forest," the American Indian, says The Savannah News. A Canadian anthropologist, Prof. Wilson, says all such sentiment is wasted; that while the Indian as a race may be doomed to extinction in the long run, the passing will be by assimilation, with the Indian's full and free consent, and not because of any hardship or cruelty imposed on him by the white man. And the outcome will be better for the Indian. Meanwhile Prof. Wilson says that, counting all of those who have Indian blood in their veins as Indians, there are a great many more of them on the American continent today than ever before in their history. Their proportion in the population has increased considerably in the past twenty years.

That the Indian is being "bleached out" in certain sections cannot be denied. It is a rare thing for a white woman to marry an Indian, but marriages between white men and Indian women are common, both in this country and Canada. Prof. Wilson says that "not a single pure-blooded Indian remains in several of the Canadian bands." And so it is in this country, particularly on the reservations of the West, where white men have sought Indian wives in order to secure their apportionments of the tribal lands or their share of moneys due from the sale of lands. Some of the Indian tribes are rich, and the "squaw men" have profited largely by pocketing their racial prejudices and marrying red-skinned women. Probably the tribes in which there is least admixture of blood are the Seminoles of Florida and the Cherokees of Western North Carolina.

Some months ago the authorities in Washington issued an order, through the Indian agents, to the effect among the red people there must be less painting of faces and a closer adherence to the white man's idea of what is correct in wearing apparel. At the same time it was ordered that the braves should cut their hair. This, it is believed, will have the effect of reducing the number of marriages between white men and Indian women. An Indian girl with her blankets and with painted face and braided hair may look romantic and quite fetching, but put her in the frock of civilization she looks dumpy, pudgy and unattractive.

EAST COAST RAILWAY.

A trip over the Florida East Coast Railway will convince the most casual observer that this is one of the great railways of the United States, and equal to those of other countries. The equipment is first-class and the roadbed in remarkably good condition. From Jacksonville to Miami excellent time is made, and there are no annoying stops along the line to lead the nervous traveler to inquire "What's the matter now."

Everything is under excellent control, the employes knowing their business and attending to it with care and precision, and it is a ride through a section that attracts all who take an interest in the advancement of the State of Florida and the country at large.

The East Coast is a one-track road and in the winter, when the tourist season is at its height, the number of people carried over this line amounts to many thousands, and it is certainly remarkable that not even the slightest accident happened during the past winter along the line to injure a single person or delay a train. This fact is due largely to the ability of the men employed in every position—engineers, firemen and brakemen as well.

By the building of this line the people of the United States are able to reach one of the most delightful winter resorts in the country, and with ease and comfort, and lands have been opened to thousands of settlers, where they can till the soil and live comfortably in the most delightful climate to be found in the universe.

An Irishman walking through a graveyard, saw a tombstone on which was inscribed: "Here lies a lawyer and an honest man." "Be jabers," said Pat, "Oi wonder how they came to bury both iv them fellars in wan grave?"

GOOD ROADS CONVENTION.

The State Good Roads Convention, to be held in Tallahasse Tuesday, April 25, should be attended by as many as can possibly be present, to assist in framing proper good roads laws. People who live in the counties that have them can appreciate their usefulness. The contrast is most noticeable. With good roads a team of horses can haul twice as heavy a load with half the effort, and a good road along the front of farming lands enhances their value.

State Organizer A. S. Mann, in calling attention to this matter, says that "those who control the press are in a large measure the leaders of sentiment for or against any position or measure; therefore, your position is a very responsible one. The people look to you for advice on the questions relating to good roads. I do not remember of one opposed; I simply seek some help now from all, as it is the time when a good and wise law must be given us, or we practically stand still for two years. We want relief now. If the press of the State will give us their help and advice now we shall no doubt succeed in getting the laws best suited to our State."

Don't snub a boy because he wears shabby clothes. When Edison, the inventor of the telephone, first entered Boston, he wore a pair of linen breeches in the depth of winter. Don't snub a boy because his house is plain and unpretending. Abraham Lincoln's early home was in a log cabin. Don't snub a boy because of the ignorance of his parents. Shakespeare, the world's greatest poet, was the son of a man who was not able to write his own name. Don't snub a boy because he chooses a humble trade. The author of "Pilgrim's Progress" was a tinker. Don't snub a boy of physical disability. Milton was blind. Don't snub a boy because of dullness in his lessons. Hogarth, the celebrated painter and engraver, was a stupid boy at his books.

It is marvelous what people in general expect of a school teacher. And yet, as a rule, it can be said that there is not a single parent in a district who governs her own children so well as does the teacher of all these children of the district. Think of it! The parent who thinks nothing of losing her patience from once to forty times a day with her own children, expects the teacher to control her temper and manage forty children who come from all kinds of homes. The average school teacher is a model of par excellence in government, temper and judgment when compared to the average parents, and in saying this we are not speaking lightly of the right kind of motherhood.

By expanding his business and following legitimate lines in the last century, without resorting to speculation or monopoly of sharp practices, Adam could doubtless have increased his savings beyond $10 a day. But he could hardly have piled up what would have been considered a modern fortune, and the chances are that Mrs. Astor would not have invited him to any of her annual balls.

According to The Madison Recorder the Middle Florida Baptist Association, which meets April 28, will have for one of their topics the question: "Do we as Baptists observe the Lord's 'suffer' as being taught in the Scripture?" Evidently they mean "supper."

The people of Brevard county, those in the northern portion, are anxious to have another county formed of that portion to be called St. Lucie. Dade and other counties will in probability be split up in a few years as its population increases.

A Chicago paper says a prominent educator of that city has told the club women they should encourage their children in writing poetry. It has been generally believed that club women did not have time to have children.

The feature of most interest to the Florida grower is that tomatoes from this State bring from $4 to $6 per crate, while those raised in the North, which come later in the season, bring about the same figures per ton.

MILL

Crushed to
a Log.

NE WHEN KILLED

Log He Is Supposed to
ttempted to Pass Under It.
Thought the Chain Slipped and
ught Him.

News reached the city Saturday evening of an accident at the saw mill of A. T. Kelley & Co., two miles south of Gainesville, which occurred about 3 o'clock in the afternoon, which resulted in the death of Wes Bailey, a colored teamster in the employ of that firm.

Bailey, who was hauling logs with one of the large-wheeled logging carts, had been assisted by his fellow workmen to get his log in a suitable place for loading and went about his work alone. In about five minutes one of the men returned to the scene and found Bailey lying on the ground under the log. He immediately summoned help and the log was raised so the body could be removed. But it was of no avail, as Bailey only gasped a few times and expired, his life having been crushed out.

The only way in which to account for the accident is the carelessness of Bailey, who, before he had the log securely chained to his cart, undertook to pass under, when the chains gave way and let the log drop on his body, which was badly crushed along the central part.

The dead man had been in the employ of the firm for upwards of a year, and was considered a faithful worker. He originally came from Valdosta, Ga.

The remains were taken care of, a coffin furnished and he received a decent burial. He was a comparatively young man.

Death of Mrs. M. H. Hale.

Mrs. M. H. Hale, for the past ten years a resident of Florida, who died at Rochelle on Wednesday, April 19th, 1905, of congestion of the brain, aged 82 years, was born in West Tennessee, where she grew to womanhood and resided until 1884, when she came to Florida to reside, after the death of her husband, J. F. Hale.

Deceased was the mother of seven children, only two sons now living, one residing in Tennessee, the other being a worthy citizen of Rochelle, Mr. F. H. Hale, with whom she resided up to the time of her death and who tenderly cared for her every want. She was a member of the Presbyterian church for 65 years, and at the time of her death was a member of the church at Rochelle, having joined by letter, and during her life had always been a consistent Christian.

The funeral took place from the Spring Hill church at Traxler, Thursday afternoon, where a short service was held, the remains being laid to rest in Spring Hill cemetery.

Mr. F. H. Hale, son of the deceased, desires to express his heartfelt thanks to his friends and neighbors for the many kindnesses extended at the death and burial of his beloved mother, and will ever hold these kind friends in grateful remembrance.

LETTER FROM MR. LETSON.

Crops Good in North Carolina, But Weather Has Been Cold.

Writing from Newbern, N. C., under date of April 16, Robt. E. Letson, well known in this city and section, says:

"It is very cold here today. Will frost tonight. Had frost twice last week. Crops are fine and lettuce is good. We shipped nine C. F. T. last week, and will wind up tomorrow. We have in six acres and will ship six thousand baskets. We have planted ten acres of cukes outside, but they will be under spray. We have set out six acres under cover.

"The woods are getting green now, and it makes me homesick, for I know how good old Florida looks with herself dressed in green; but as long as Mrs. Letson's health is as good here as it is now I will stay here—but I love Florida. If I could get her up on a stump I would put my arms around her, but where my wife's health is the best I must stay.

"There was a big fire in town the other night. Mr. Sam Dill and Mr. Danlons lost their livery stables. Fifteen horses and one mule were cremated. Quite a lot of houses, with two stores, were burned.

"I didn't get The Sun last night, and feel lost today."

FARMERS OPPOSE IT.

Change of Holding Terms of Court Would Work Great Hardship.

Editor Sun:—The citizens here are generally opposed to the proposed change of the time for holding the terms of the circuit court from February and October to May and November. If there are any two months that the farmers ought to stay at home, it is when oat harvesting time comes in May, and when the time comes to dig potatoes and grind his sugarcane in November, we see no advantage in the change to the farmer, and know not the motive for the change. Will someone rise and explain the motive and give one valid reason for such legislation. W. M. BUTCH

THE LEGISLATURE DOWN TO BUSINESS

The Key West Railway Being Thoroughly Discussed.

NO CRIPPLING AMENDMENTS

Friends of the Measure Oppose Them. The Forest Conditions to be Studied. Bill for Per Diem of Sheriffs and Mileage.

Tallahassee, April 21.—In the Senate yesterday the following new bills were introduced and referred:

By Senator Stockton—To provide for the study of forest conditions in connection with the United States Department of Agriculture.

By Senator Canova—Making it unlawful to place lime or any poisonous matter in the fresh waters of the State; also, a bill to require telegraph companies in towns of 500 population or more, to deliver messages to persons addressed.

By Senator Crews—To amend the law regulating the carrying of firearms.

By Senator Alford (by request)—For the relief of John G. Ruge as fish commissioner.

By Senator Zim—To amend the law disallowing fees before committing magistrates under certain conditions.

By Senator McCreary—To prescribe a per diem of sheriffs in attendance upon courts.

By Senator Stockton—To provide for payment of mileage of sheriffs going outside the State.

By Senator Trammell—Providing that corporations doing an express business shall pay loss claims within a certain time after filing such claims.

The greater portion of the day was taken up in consideration of the Key West Railway bill, which is reported in full under separate head.

Key West Railway.

Senator Crill's bill to encourage and secure the construction of a line of railway from the mainland of Florida to Key West came up for consideration on its second reading as a special order.

Senator Crill secured the adoption of several amendments to perfect his bill.

Senator Hudson offered an amendment to strike out all of section 5, which provides that the present rates of freight and passenger tariffs shall obtain until such time as the corporation shall be earning a profit exceeding 5 per cent on its bonded indebtedness and a sinking fund not exceeding 3 per cent per annum on the actual cost of construction, betterments and equipment.

Dr. Crill spoke against the adoption of the amendment. He said the bill would place on the tax books millions of dollars' worth of taxable property. He said that Florida had been liberal in fostering the construction of railroads in the State, donating to railroads from $5,000 to $20,000 per mile. This bill asks no land grant, but simply the privilege of constructing a railroad over land and water of the State, thereby establishing a national highway, and that present rates become fixed until such time as the corporation can earn a reasonable percentage on the investment. In conclusion, Dr. Crill read the section referred to as amended, and concluded by saying that if the section was stricken out "our grandchildren might see a road to Key West, but we will never see it."

Senator Brown made a strong argument in favor of the bill, and against the amendment to strike out section 5.

General Bailey favored granting the corporations the concessions asked.

Senator Hudson said he favored the bill but wanted to make it a reasonable one. He said that if section 5 was cut out the bill would meet his views.

Senator Harris favored the bill in a forceful speech.

The bill was taken up in the afternoon and Senators Harris, Hudson and Stockton were among those who engaged in the debate.

Senator Adams believed from his heart that the passage of the bill was for the good of the whole State of Florida; that following its construction would be a rapid and permanent development. He said that he knew none of the parties interested, but was strongly in favor of it, for he believed it good.

Senator Humphries favored the construction of the road, and was sorry to learn that the bill would be withdrawn if the amendment was adopted, for he intended to vote for the amendment. The vote on Senator Stockton's amendment was:

Yeas — Messrs. Alvord, Canova, Crane, Crews, Davis, Faulkner, Hudson, Humphries, Jackson, Massey, Stockton, Scott, Wadsworth, West, Zim—15

Nays—The President, Messrs. Adams, Bailey, Brown, Carter, Clark, Crill, Gillen, Harris, Lee, McCreary, Neel, Newlan, Raney, Sams and Wilson—16

The amendment was lost.

Senator Massey offered an amendment to provide for a reasonable interest on the bonded indebtedness and sinking fund instead of 5 and 3 per cent, which was lost by a vote of 15 to 16

Senator Crane offered an amendment favoring the limit of time that certain rates should prevail for a period of ten years, which was lost by the usual vote of 15 to 16

The fight was over and the bill was ordered engrossed for its third reading. The Senate then adjourned.

The House.

Tallahassee, April 21.—In the House yesterday morning Mr. Stephens of Jackson introduced a memorial to Congress asking an appropriation of $35,000 for the improvement of the Chipola river as far up as Marianna Under waiver of the rules the memorial was read three times and passed.

An invitation was received from Anna Jackson Chapter, Daughters of the Confederacy, of Tallahassee, asking the members of the House to attend the memorial exercises at the Tallahassee cemetery on the afternoon of April 26 Upon motion of Mr. Watson of Osceola the invitation was unanimously accepted with a rising vote of thanks

Mr. Wilson of Lee introduced a memorial to Congress asking an appropriation for the improvement of the Caloosahatchee river. Under waiver of the rules the memorial was read three times and passed

A petition from Dade county was read, asking that generous provision be made by the Legislature for the enlargement and improvement of the Florida School for the Blind, Deaf and Dumb at St. Augustine. This was referred to the select committee on State institutions.

A petition from the board of trade of West Palm Beach protesting against some features of Senator Crill's bill for the building of a railroad from the mainland to Key West, as tending to curtail the powers of the railroad commission, was read and ordered spread upon the journal.

Bills Introduced.

After the adoption of several resolutions the following bills were introduced:

By Mr. Olmstead of Brevard—To repeal act relating to catching fish in St. Lucie river.

By Mr. Taylor of Hillsboro—To punish keeping and maintaining of gaming devices, and parties keeping such devices.

By Mr. Stephens of Jackson—To provide for payment of mileage of sheriffs when required to go beyond the limits of the State.

By Capt. Johnston of Pasco—To amend law disallowing fees in cases before committing magistrates when no informations are filed or indictments found.

By Mr. Wall of Putnam (by request)—To prescribe per diem of sheriffs while attending court. Also, a bill to amend law relative to use of bicycles on side paths.

By Mr. Hall of Suwannee—To control attendance of children at public schools under certain conditions.

By Mr. Smith of Volusia—To regulate telegraph and telephone changes in the State, and place telegraph and telephone companies under the jurisdiction of the railroad commission.

The bill to reimburse Marion county $3,360 spent for rent of armory for use of State troops from 1890 to 1904, was passed, 44 to 23.

The bill to compensate clerks of circuit courts as clerk and recorder, was defeated, 27 to 7.

Senate concurrent resolution to accept invitation to visit Pensacola was adopted and the House adjourned.

Every representative of both the parent order and the Rebekah who were here expressed the highest appreciation for the excellent manner in which they were entertained, which was indeed a compliment to the committee who had the matter of entertaining in charge.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

THE COUNTY PAVEMENT.

Material Has Been Delivered and Work is Progressing Nicely.

As has already been announced, the Board of County Commissioners at their last session passed a resolution to pave the sidewalk around the court house square with vitrified brick. The resolution was a unanimous one, and Commissioner C. C. Pedrick was appointed to superintend the work. With that energy for which this commissioner is noted, he began at once to make preparations for same. Substantial curbing and the sufficient number of vitrified brick were ordered. Work was begun as soon as the curbing was placed upon the ground, and during the week a force of workmen and teams have been busy excavating and removing the old pavement. The brick have been delivered, and it is expected that by the first of the week the work of laying will begin.

When completed this will be one of the best pavements in the State, and it is suggested that the city now construct crossings of the same material at intersecting corners.

PRESBYTERY OF SUWANNEE.

Very Enjoyable Session at McIntosh, Which Was Well Attended.

Rev. Thos. P. Hay of the First Presbyterian Church has returned to his home in this city, after attending the session of the Presbytery of the Suwannee at McIntosh, and a short trip to Eustis.

Mr. Hay states that the meeting was a most successful and enjoyable one, being well attended. Rev. C. M. Gordon of Micanopy was elected moderator for the ensuing term, and Rev. Mr. Hay and Elder J. O. Turnipseed of McIntosh were elected commissioners to represent this Presbytery in the General Assembly of the Presbyterian church, which will convene in Ft. Worth, Texas, May 18th.

Fire Destroys Texas Town.

Beaumont, Tex., April 21.—Fire early today destroyed the business section of Sour Lake, an oil town and health resort, 20 miles west of this city. The flames did not get into the oil fields. The burned buildings were all of frame and the loss is estimated at $25,000, partly insured.

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at all drug stores, guaranteed.

BURNING TRESTLE CAUSE WRECK

Fast Train on Southern Meets Accident Near Rome, Ga.

Rome, Ga., April 21.—Section one of Train No. 13, of the Southern railway, Atlanta to Chattanooga, was wrecked in a burning trestle 6½ miles of Rome about 7:20 o'clock this morning.

The engine passed over the trestle but two of the cars went into the burning structure.

No one was killed, but several of the crew were injured. There were no passengers as this section carried only baggage, express and mail cars.

The damage to the train is reported very heavy after going into the trestle. The train caught fire, but the flames were extinguished before very much damage was done. Trains were made up in Rome and sent to the scene of the wreck, where transfers were made and only a few hours' delay was occasioned.

It will be several days before the track and trestle can be repaired.

Wild rumors to the effect that many of the crew were killed outright spread abroad but are false.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Sold by J. W. McCollum & Co.

Charter Granted for New Road.

Atlanta, April 21.—The Atlanta, Birmingham and Atlantic Railroad company, was granted a charter by Secretary of State Phil Cook. The Atlanta Birmingham and Atlantic will be built from Montezuma, Ga., in Macon county, where it will connect, with the Atlantic and Birmingham with which it will untimately be consolidated through LaGrange, Ga., in Troup county, to Birmingham, Ala., thus making a through line from Brunswick on the Georgia coast to Birmingham where connection will be established with some western line.

Last Hope Vanished.

When leading physicians said that W. M. Smithart of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for consumption, coughs and colds kept him out of his grave. Stevenson, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,
W. C. DANIEL.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 620, St. Louis, Mo. Send for testimonials. Sold by all druggists.

HAS A BIG CONTRACT.

A. W. Taylor Will Survey Large Body of Land in LaFayette.

A. W. Taylor has returned from Tallahassee, where he has been engaged in securing field notes of certain lands in LaFayette county.

Mr. Taylor, it will be remembered, a few months ago secured the contract for surveying a large tract of timber land in LaFayette county for the Putnam Lumber Company, a Wisconsin concern. It is upon this contract that he proposes to begin work the first of the week, and it is anticipated that several weeks will be required to complete the work.

It is the purpose of the Putnam Company to erect a system of saw mills throughout the tract.

A North Gainesville Picnic.

A very successful picnic was given Thursday at the bridge. While the number was small they were very select. They were from homes "severed far." The wit was sparkling as champagne, of which there was an absence owing to Mrs. J. D. Turner's presence. Good spring water and ice tea made after the Dorman method took its place.

The hour of parting came, each feeling we had not been at the "bridge of sighs," but the bridge of good cheer. Let this henceforth be its name, and that it spans pine brooks, not Hogtown Creek. We said good-bye, feeling we should not all meet again until the mysterious problem of our destiny was solved in eternity and we were permitted in some brighter clime to say good morning.

ONE WHO WAS THERE.

The Missionary Tea.

The Missionary Tea given by the ladies of the First Presbyterian Church at the home of Mrs. L. C. Smith, 401 North Garden street, Friday afternoon, was a most enjoyable affair.

The exercises consisted of a prayer and song service, at the conclusion of which delicious tea and wafers were served.
